

Employee Matching Programs

There are several companies that will match employee contributions to qualified charitable organizations, allowing you to double even triple your support to the Trojan Belles. The following are a few companies that offer matching programs of some kind. The list is not all-inclusive and does not guarantee that a matching gift will be approved, so please check with your Human Resources or Community Relations departments to see what programs are available and what forms need to be submitted. Depending on the size of the donation, this could potentially be an easy way for your company to become a Trojan Belle Sponsor! Please reach out to TrojanBellesFundraising@gmail.com with any questions you have regarding our Community Partner & Business Sponsor programs.
